Namaste, Nation-Building Teachers,

You may be seeing an invitation to teachers on the front page of a newspaper for the very first time. To some, this may appear unconventional, perhaps even a little crazy. But we firmly believe that teachers stand at the forefront of building any nation, society, or civilization. And therefore, an invitation to teachers deserves nothing less than the front page. What may seem like madness to a few is, for us, a matter of deep conviction and thoughtful intent. Buildings, gardens, classrooms, and infrastructure may form the body of a school but its true soul lives in its teachers. If you, too, believe in going a little “mad” for the holistic development of children, and wish to be part of something meaningful, purposeful, and transformative - you are most welcome.

- Ritesh Goel, Founder, Bhautiki Plus & Vedaksh Innovation School
